He can't ask you now!

... He's an American hero. After fighting bloody battles in the Pacific, he was home on leave two years ago.

... You may remember seeing his picture. His name is John Basilone, Marine Gunner Sergeant. He traveled all over America, urging every American to buy more bonds.

... He said: "You don't know—you can't know—how much it means to the boys out there when they hear the folks back home have just put another War Bond Drive over the top."

... They gave him the Congressional Medal of Honor and offered him a commission. He didn't want it. "I'm a plain soldier," he said. "I want to stay one."

... Well, he stayed a plain Marine—like Joe and Bill and the fellows down the street. He can't ask you to buy bigger bonds during the Seventh. He was killed a few weeks ago on Iwo, just after he had led his assault team to the edge of an airfield we needed desperately.

... We can't let him and all our other fighting heroes down. Remember, last year we had two War Loan Drives by this time.

The Seventh is our personal call to arms—two drives in one. That's why our quota is large.

... We must meet it—we will meet it—for the hero of Iwo—for Victory—for pride in America.

SUNDAY SCHOOL LESSON

By HANOLD A. LUNDQUIST, D. D., of The Moody Bible Institute of Chicago, Selected by Western Newspaper Union

Lesson for June 17

Lesson subjects and Scripture texts are selected and copyrighted by International Bible Education Society, Inc.

THE CHURCH BEGINS ITS WORK

LESSON TEXT—Acts 5:29-32, 34-42, 44. GOLDEN TEXT—Ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth—Acts 1:8.

The church of Jesus Christ, glorious in spite of her failings, is the greatest institution known to this world. That is true because while it is in this world, the church is not of the world, but of God. He established the church as the fellowship of believers to do His work in the world. For more than 19 centuries the Christian church has served Him with varying degrees of consecration and usefulness.

The beginning of the work of the church is of special interest, for such a study will show whether we are following in the right path. We find in our lesson that the early church was distinguished by:

1. Obedience to God, vv. 29-32. The disciples fled with the Holy Spirit and in proclaiming their risen Lord. Realizing that the apostles' message was winning the people, the leaders of the Jews administered them not to speak in the name of Christ (Acts 4:18). When they continued, the priests threatened to imprison, but an angel set them free (Acts 5:19).

When they were again apprehended and accused of disobeying the command of the high priests, Peter and the others responded by pointing out that they were under a higher command, that of God Himself. They would obey, come what may.

Who will deny that we need a renewal of that spirit in the church today? We need to lose our fear of men and their little authority, and regain a larger measure of obedience to God.

II. A Convicting Message (v. 33). When God's Word is preached with complete obedience to Him, something is sure to happen. Men and women will be convicted of their sin. They will be cut to the heart. That conviction will show itself in one of two ways. Some will be repentant and will cry out with the jailer at Philipp, "What must I do to be saved?" (Acts 16:30). Turning to Christ, they will find deliverance from sin.

Others will harden themselves in their wicked ways and become even more bitter in their hatred of Christ and the church. In our lesson we find them taking counsel to kill the disciples. Knowing themselves to be wrong and seeing that God's word revealed their sin, but not being willing to give up, they tried to destroy the witness against them.

We see that same spirit operating today. We are sure, it does not usually show itself in such crude action as physical killing, although the day when that may happen again may not be far away.

In our cultivated time, it is revealed in a scholarly attack upon God's Word, an undermining of the faith of our young people in schools or colleges, or a ridiculing of those who wish to live a separated, consecrated life.

III. No Compromise (vv. 34, 35, 36-40). A wise man, Gamaliel, presented what we would now call a program of appeasement. He urged that they wait and see what would happen. At first glance his idea seems to be the most commendable, and of course it did save the lives of the disciples at the moment. But it was essentially a "do-nothing" policy of compromise. If he believed in what the disciples were doing, he should have come out boldly on their side.

Notice that the believers had no part in this scheme. They listened, but did not give assent. They took the beating and went right out and preached the gospel again. What a fine example for us to follow! Those who are alert to the real problems of the church today recognize that the willingness to compromise with the world, the devil, and (so it seems at times) the devil himself for the sake of peace, is destroying the real ministry of the church.

IV. Absolute Fearlessness (vv. 40, 42). The early church was a very small group of believers with no position of influence or power in the world. Humanly speaking, it would have been expedient for them to heed the admonition now twice given (compare Acts 4:18) and confine their testimony to a private witness.

But they had hearts which were aflame with the fire of God, a commission to take the good news of God's saving grace to all men, and the assurance of God's presence (see Matt. 28:18, 20; Acts 1:8), and they were absolutely fearless.

The world admires true courage not only on the battlefield, but in the pulpit.

The criticism which men in the armed services make of the church centers at this point, namely, that the church has been too timid about giving out the Word of God, about really believing and practicing it.

IF YOU NEED GLASSES It Will Pay You to Wait For BARSON!

After all, it's the examination that counts. Correct, scientific examination of your eyes is the ONLY way to determine whether or not you need glasses.

My knowledge in fitting glasses, gained through years of practice, has given me a national reputation. Among young relatives and acquaintances you will find somebody who will tell you how satisfactory my work is.

Because I specialize in this work only—scientific examination and proper fitting of glasses—you are assured of complete satisfaction.

BIG BOND RALLY TO BE HELD IN ELBA SATURDAY, JUNE 30

One of the biggest rallies to be held since the beginning of the war will be held in Elba on Saturday, June 30, according to announcement of the local war finance committee.

Entertainment will be furnished by a band, war equipment from Camp Rucker will be on display, and there will be something of interest old and young throughout the day. Bond buyers will be given valuable prizes, and this feature alone will be worth your attention.

Coffee has always bought its full quota of bonds, but right now we are short of our goal and during this rally we must put our country over the top. Our boys out in the Pacific are fighting just as hard as they did on the other fronts, and we must continue our fighting here on the home front. The war is NOT OVER YET, and the Japs must be kept in line. Your bond will help do the job. There will be entertainment for you at the rally on June 30, besides you get more than your dollar's worth when you put it in a bond. Full details of the rally will be given next week.

Friends of Mr. Joe Young, carrier on Elba Route 1, will regret to learn of his serious illness at Edge hospital, Troy, where he is suffering from a brain hemorrhage. He has been ill since Saturday and was carried to the hospital Monday. Little change had been noted in his condition, Wednesday morning.

POW CAMP WILL BE ESTABLISHED HERE

In an effort to aid farmers in the Elba area during the peak harvesting season, plans are being made to establish a camp at Elba where Prisoners of War will be confined for about 60 to 90 days. The camp will be temporary, but must be accessible to the City's water supply and electric current, so we have been informed.

A committee composed of F. F. Clark, L. P. Mullins and Sam Sawyer is cooperating with County Agent Hugh Sexton in locating the camp. Several lots are being considered.
